Available Colours:

Golden Sand

Air Force Blue

Product code: KBT9862- U30
Selected Colour: **Golden Sand**
Width: 150 cm
Price: £11.99/mtr

Description:

Golden Sand - Tough and durable upholstery fabric in a warm shade of sand. The heavy velour displays an abstract burnout pattern of dashes across the fabric. The pattern is created by sheering parts of the thick velour down to the base, making a dual textured finish. The soft surface of the upholstery velour would be perfect for comfy sofas and armchairs. And with the durable quality of the fabric, you rest assured it will handle years of constant use.

Air Force Blue - A soft and thick pile upholstery fabric in the popular shade of Air Force Blue. For a smart blue interior, this mid tone subtle shade of blue would complement deeper shades like midnight or classic navy blue. Other muted shades such as sage green, and dusky pink could easily be used alongside air force blue, or just keep to the one shade in a room of steel grey tones.

- Textured upholstery fabric
- Textured pattern upholstery velvet velour
- Warm sand colour upholstery fabric
- Velour seating fabric
