## Camo Waterproof Fabric PU 4oz

### Available Colours:

Arctic

Flame Red

Lavender

Tropical

Product code: KBT12099-U138  
**Selected Colour:** **Arctic**  
Width: 150cm  
Price: £5.99/mtr

### Description:

Camo Waterproof Fabric PU 4oz - The weatherproofing and lightweight quality makes it ideal outdoor clothing. Rain macs, jackets sports wear, umbrellas and pet coats all benefit from this great waterproof fabric. Made from a densely knit of weave 100% polyester fabric the back of the fabric is coated with polyurethane ( PU) and is inherently treated, this gives the fabric an excellent waterproof barrier against liquid.

Another reason the 4oz waterproof is so popular is the weight. Light enough to be portable, waterproof covers will be strong enough to withstand most weather conditions so you can fold up and carry 4oz sheets around. The fabric weight is light enough to hang on rails, splash proof curtains for the home and creative work can be raised without any damage to rails or walls. 4oz waterproof is also easy to sew on standard sewing machine, so bespoke made to measure items can be structured without fuss. When the fabric gets a bit muddy you can hand clean it with hot water and a drop of detergent, or put the whole piece in the washing machine but make sure its at 30 degrees or lower.
