## **Energy Reflecting Blackout Fabric**

**Available Colours:** 

Sliver Blackout

Product code: KBT12429-U148
Selected Colour: Sliver Blackout

Width: 280cm Price: £24.99/mtr

## **Description:**

**Energy Reflecting Blackout Fabric** 

Very effective energy efficient fabric ideal for Heat Reflecting and Heat Retention, minimises heat loss keeping energy cost down

Energy reflecting blackout fabric is made using thin thread or low density of knit, the fabric also has a blackout coating applied to the reverse side making this fabric a total blackout for blocking out light

Ideal use for daytime privacy whilst still keeping heat in or blocking heat out from a room.

Perfect for; Domestic use, residential, Industrial, commercial, leisure, hotel and hospitality applications,

Works well for conference rooms, cinema rooms, bedrooms, office, conservatories, south facing rooms that have increased sun exposure

The extra wide width of 280cm is an excellent feature means less joins for wider applications
