Description:

The **Marine Elite Leatherette Vinyl collection** holds a range of **technical properties**.

This material is quality expanded vinyl on polyamide backer, perfect for domestic DIY, commercial, retail, professional upholstery and the furniture trade.

Ideal for outdoor seating, upholstery, bar seating, marine, boats, yachts, health care, hotels.

With having a high abrasion resistance, as well as UV resistant, salt water resistant and chlorinated water resistant, this material provides outstanding durability, able to withstand harsh outdoor weathers and intense sun and heat.

It can be easily wiped clean making it ideal for yacht & boat interiors, marine vehicles and outdoor activities such as water sports.

Its special protective layer provides exceptional resistance to staining, and has easy cleaning properties compared to other competition products on the market. Even stubborn stains caused by red wine, mustard, ketchup or coffee can be removed easily.

The fact it is antibacterial and antifungal makes it ideal to be used in healthcare.

This Marine collection is a safe material with flame retardant features, with a smooth, sophisticated appearance, making it practically suitable and aesthetically suitable in hospitality venues, bars/ clubs, hotels, restaurants.
