Description:

Curtain lining, a polycotton fabric 65% Polyester 35% Cotton an excellent blend of fabric for lining curtains, natural cream looking, adding a lining to curtain materials gives curtains a longer lease of life protecting the rear from UV rays hence colour fading, a curtain lining will also protect silk curtains from rotting. A curtain lining can also keep the draft from windows to a minimum, saving you money on heating cost, This lining is suitable to work with any curtain material, silks, velvets, cotton, chenille, polyesters, printed cottons. Jacquards, linen and polycotton drills.

A fire retardant can be applied back coated or a spray form.
