Price: £39.99/mtr

### Description:

Awning Fabric Pique - outstanding water resistance fabric, Ideal for fixed and permanent installations located outdoors (awnings, pergolas, etc.), guarantees long-term colour fastness and excellent protection against UV rays and rain water.

This fabric must be fixed at an angle to increase its water repellence;  
the fabric is not 100% waterproof and will let water through during heavy rain, or if fixed as a flat sheet.
