Description:

Cute cats with a Japanese cartoon look, super kawaii! These cat characters range in size from 6cm to 10 cm nose to tail and cover the pale beige background fleece fabric in various poses, laying around cat napping, curled up, sitting and walking. The two main colours used are mid tone fuchsia pink and bright sky blue, using spots and stripes patterns on the cats coats along with dark brown kitties which add a nice contrast to the collection. Made from 100% polyester, great for kids who like kitties!
