

Large Leaf Upholstery Collection

Available Colours:

Marsala

Golden

Product code: KBT9855-U28
Selected Colour: Marsala
Width: 150 cm
Price: £11.99/mtr

Description:

Strong upholstery fabric with a design of large ornate leaves swirling around. We hold upholstery fabric with similar designs, but not identical. This collection of large leaf designs are all slightly different, but with the same theme.

Marsala - The Two colours used on this upholstery fabric are a dusky terracotta and a dusky clay pink which is very close to the pantone Marsala Red. The shades on the fabric work perfectly with the Marsala colour trend and would complement any interiors using the Marsala colour palate. Both these colours on the fabric are woven together to create shading and highlighting, the darker tone is also used on its own as an outline for the leaf shapes. The hard wearing quality is created from strong yarn and close clipped chenille thread. The durability of the fabric means its ideal for seating for hotels, restaurants, coffee shops and cafes.

Golden - The tapestry style uses golden sand colour chenille brushed yarn for the large leaf swirl design, along with brick red, forest green and mustard yellow thread for shading and detail. The leaf design is set on a mottled brick red background with the forest green adding definition to the design.
