Product code: KBT9999-U38
Selected Colour: Dark Cream
Width: 150cm
Price: £16.99/mtr

Description:

Our Sun Shade mesh fabric is an attractive outdoor and indoor material; **lightweight, durable** and **100% recyclable**.

This fabric is smooth and offers stability, with a water repellent treatment making it waterproof therefore perfect for outdoor furniture, as well as very easy to clean and maintain.

Ideal uses:

- Outdoor furniture (chairs, loungers, sunbeds)
- Outdoor accessories
- Awnings
- Canopies
- Curtains
- Sun blinds (Indoor, Outdoor)
- Terrace blinds
- Shading structures
- Indoor dining furniture
- Yachting (equipment protection, crew protection, marine upholstery)
- Building construction

The technical properties to this material give it a unique structure meaning unique features. Its woven structure has a **reversible** warp and weft allowing you to use it from either side. It is able to regulate heat from the sun making it a great energy saving fabric for thermal use in various homes and large buildings. Thermal performance gives **solar protection**, and its transparency features allow for **natural light transmission**.

Key features include:

- Excellent resistance to weather conditions
- UV ray resistance
- No snag or tear
- Long lasting
- Lightweight
- 100% Recyclable
- Sustainable Development
- Waterproof breathable membranes
- Thermal heat regulation
- Energy saving
- Easy to clean
