Description:

Suedette fabric, also known as faux suede, is a synthetic fabric that imitates the look and feel of natural suede leather. It is often chosen as an alternative to genuine suede due to its cost-effectiveness and cruelty-free nature. This fabric comes in a wide range of colors, allowing for diverse design options. It is commonly used in various applications, including upholstery, clothing, accessories (such as handbags and shoes), and home decor items. Its versatility and affordability make it a popular choice in both fashion and interior design.

Composition : 45% Polyacrylic, 41% Cotton, 14% Viscose
