Black

Purple

Dark Grey

Navy

Emerald

Burgundy

Light grey

Product code: KBT13402-U211
Selected Colour: **Off white**
Width: 140cm
Price: £14.99/mtr

Description:

Wool fabric's unique combination of warmth, comfort, durability, and versatility makes it a prized material in the world of textiles. From high-end fashion to outdoor gear, wool is celebrated for its natural qualities that cater to both style and functionality. The fibers are naturally soft and have a luxurious feel against the skin. Wool fabric is often used for making sweaters, scarves, and other items that come into direct contact with the body. Wool is known for its excellent insulating properties. The natural crimp of wool fibers creates air pockets that trap heat, providing warmth in cold weather. At the same time, wool is also breathable, allowing moisture to escape, making it comfortable in a range of temperatures.
