Filter Mesh Net Fabric

Available Colours:

Clear

Product code: KBT13455-U142
Selected Colour: **Clear**
Width: 178cm
Price: £11.99/mtr

Description:

Filter mesh fabric is a specialized material designed to separate particles from liquids or gases. This fabric is used in various industries, including automotive, medical, industrial, and home applications. Key features of filter mesh fabric include its durability, flexibility, and resistance to chemicals and abrasion. Common uses of filter mesh fabric include water filtration systems, air purifiers, food and beverage processing, and medical equipment. Its versatility and efficiency make it a crucial component in maintaining cleanliness and safety in various processes and environments.
