Description:

Revive your vehicle's interior with Mercedes Sprinter seating fabric, a premium automotive-grade material engineered for durability, style, and comfort. Designed to mimic original Mercedes Sprinter seating fabric in both colour and pattern, this high-quality fabric is backed with a 4mm scrim foam for added support and ease of application.

- Fabric Width: 147cm
- Thickness: 4mm Foam Scrim backed

Perfectly suited for a range of automotive re-trim projects, it's ideal for front seating, rear bench seats, and rock and roll beds, delivering a professional finish every time.

This fabric stands out for its exceptional quality, having undergone extensive manufacturing processes and rigorous testing to ensure superior abrasion resistance and UV protection. Whether you're restoring a Mercedes Sprinter Van, upgrading your campervan, or creating a custom look for your vehicle, this fabric offers reliability, durability, and an authentic aesthetic.

Its versatility and easy-to-work-with design make it a favourite among automotive upholsterers and DIY enthusiasts alike. Choose this Mercedes Sprinter seating fabric for a perfect balance of function, style, and performance that's built to last.
