Description:

Satin back dupion fabric, 100% polyester fabric with an irregular slub effect, fully reversible fabric with a satin finish to one side and a mat finish on the other side.

A great choice of fabric for wedding dresses, wedding gowns, evening wear, cravats, other favourable uses are for the soft furnishing trade, drapery, curtain fabric, upholstery fabric, cushion covers etc. there has been a growing demand of this fabric been used as budget alternative to silk dupioni due to it slubby characteristics similar to as machine woven dupion silk. Washable at 40c.
