Product code: KBT3467-632-F78-B207
Selected Colour: **Red (2526)**
Width: 140cm
Price: £24.99/mtr

Description:

Glitter Gloss Vinyl Leatherette Fabric. Glossy vinyl that's packed full of fine glitter to give that extra sparkle wherever you want it! Unlike the jazz verity of glitter fabric, this verity is completely smooth to the touch. Starting with a base of strong polyester woven fabric, coloured to a shade complementary to the glitter. The vinyl is layered on top creating a double layer fabric that ensures strength and durability. The vinyl coating itself is a high quantity blend of fine glitter and thick PVC which creates the high shine finish.

The smooth quality of Glitter Gloss Vinyl makes it perfect for seating and table covering as its comfortable, hygienic and wipe clean. Seen in the coolest of clubs, cafe's, and dessert parlous, Glitter Gloss works brilliantly to really get your business noticed, whilst working with British Safety Standards. Interior designers love this fabric for adding retro look to diners and bars and it looks awesome with our plain gloss vinyl.

Glitter Gloss Vinyl is used widely across other areas. Visual merchandisers use this to make displays stand out. Great for fashion accessories too, glitter gloss can be cut and shaped for making bags of all shapes and sizes, shoes and hair accessories too.
