Price: £11.99/mtr

Description:

The **Torino Cordura Fabric - 500 Denier** is a robust, high-performance fabric designed to withstand the toughest conditions. Crafted from high-tensile polyester, this fabric is fully waterproof, offering reliable protection for both outdoor and indoor applications. Coated with a thick layer of polyurethane (PU) on the back, the Torino fabric ensures long-lasting durability and resistance to abrasions, making it an ideal choice for a wide range of uses.

Durable and Waterproof Torino 500 Denier Cordura Fabric for Outdoor & Indoor Projects

Whether you're looking for a durable backpack, waterproof curtains, or protective covers for your boat, Torino Cordura provides the strength and reliability you need. The 500 Denier weight makes it perfect for heavy-duty projects while remaining flexible and easy to work with.

Key Features:

- **Material:** 100% high-tensile polyester with a PU coating for full waterproofing.
- **Weight:** 500 Denier, providing exceptional strength and durability.
- **Waterproof:** Protects against rain, moisture, and other environmental factors.
- **Abrasion-Resistant:** Durable and able to withstand wear and tear, perfect for heavy-duty use.
- **Versatile Use:** Ideal for outdoor gear, bags, covers, and more.
- **Easy to Maintain:** Simple to clean and care for, ensuring longevity.

Applications:

- Backpacks and gym bags.
- Pet areas and kids' play zones.
- Canopies and garden swing covers.
- Laptop bags and protective cases.
- Boat covers and waterproof curtains.

The **Torino 500 Denier Cordura Fabric** is your go-to solution for protective, high-quality fabric that offers both durability and versatility. Whether you're crafting custom gear or covering valuable items, Torino Cordura has got you covered.
